Why use Floral Sheeting?

- Easy To Use!
- Instantly makes your customers say WOW
- Attractively covers any large surfaces at a low cost
- Makes jobs easier and worry-free with no hemming or fraying of the sheeting
- Create a buzz and attract more customers with Floral Sheeting's eye-catching and unique nature

What is Floral Sheeting?

Floral Sheeting is a thin sheet of vinyl with uniform die-cut vinyl petals that are securely glued to the surface. The result is a highly eye-catching look that creates dimension and texture and can be used in any decorating or design application.

Floral Sheeting is easy to use and can be folded, taped, cut or stapled. Available in a wide array of standard, metallic, and our specialty colors.
